Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Friday 22 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold with snow showers,.

Today:
Sunny intervals and occasional wintry showers, these generally falling as snow away from immediate western coasts and giving fresh accumulations of snow on high ground. These showers most freqent across the Northwest Highlands and Western Isles. Strong coastal winds easing. Maximum temperature 4 deg C (39 deg F).

Tonight:
Further snow showers, again most frequent across the Northwest and the Isles, and giving further accumulations even at low levels. Fewer showers reaching Strathspey with a severe frost. Minimum temperature -5 deg C (23 deg F).

Saturday:
Snow showers continuing in the north and west though perhaps less frequent or heavy, and it may stay dry towards Inverness and Strathspey. Cold but lighter winds. Maximum temperature 2 deg C (36 deg F).

Outlook for Sunday to Tuesday:
Further wintry showers on Sunday though becoming more confined to coastal areas later. Mainly dry with sunshine on Monday but frosty. Rain preceded by snow may arrive on Tuesday.
